Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Please do not add these additional charges.. The Trac phone is my only means of contacting some one if I am stranded . for the safety of me and my family and national security ... Don't do this... after all even the people on those planes on 911 had C-phones to let us know what was going on.. I own 2 C-phones my mom has one when her and my dad go to the Va hospital Dad is a retired Vet. and 100% disabled... So Please don't do this to the American People..God Bless us America...

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Lezlee
